Profile

Code wizard brimming with passion, itching to unleash my skills in a real-world project. Seeking a dynamic environment to hone my craft and make a lasting impact.

Education

6 October technology university | 2022 – 2026

Certificates

Route Academy diploma back-end | 2023

Udacity web development challenger | 2022 – Oct

Skills

Languages: Html/CSS, JavaScript, C/C++, Python.

Frameworks: Next Js, Express, Bootstrap 5, CSS Tailwind

Miscellaneous: Node Js, OOP, RESTFUL, GraphQL, Architecture, MVC, Git, Socket io

Libraries: jQuery, React Js (Hooks, Redux Toolkit, React Query, Axios, Context-API, react-performance, Farmer motion, Gasp, Swiper Js).

Databases: SQL & NoSQL MySQL, PostgreSQL, MongoDB and orm **sequelize**.

CMS: Strapi, WordPress, Shopify

Experience

-
- **E-commerce Solutions:** Experience seamless online shopping. Crafting custom e-commerce platforms with robust security and intuitive design, guaranteeing a smooth journey for your customers
 - **Front-End Development:** Proficiently implemented responsive and user-centric designs using HTML5, CSS3, and JavaScript, ensuring seamless user experiences across different devices and browsers.
 - **Back-End Development:** Leveraged my expertise in server-side languages Node.js, and frameworks such as Express to build robust, scalable, and efficient back-end systems.
 - **Content Management Systems (CMS):** Proficiently worked with various CMS platforms like WordPress, Strapi, and customizing and optimizing websites to meet specific client needs.
 - **Database Management:** Designed and managed databases using MySQL, MongoDB, or PostgreSQL, ensuring data integrity and optimal performance for web applications.
 - **Creativity:** knowledge of UI design principles, and a constant focus on user experience to build elegant interfaces.
 - **Knowledge of HTTP standards:** API best practices, REST, web security and authentication, building scalable solutions
 - Strong knowledge of **object-oriented programming (OOP)**, software design principles and design patterns
 - **SEO and Performance Optimization:** Implemented SEO best practices and optimized website performance, improving loading times and enhancing search engine visibility for client websites.
